1. Eminent faculties in the field of Shoulder Arthroscopy and Shoulder Arthroplasty.
2. Live Surgeries Shoulder Arthroscopy and Shoulder Arthroplasty.
3. Interactive session. 4. Lunchtime workshops.

Y-KnotTM RC

Self Punching All-Suture
Anchor System

With strong fixation and a simple, self-punching technique, Y-Knot[®] RC anchors help overcome the trade-offs of traditional rotator cuff anchors while the NEW Hi-Fi[®] Tape and Hi-Fi[®] Suture have been shown 1,2 to reduce abrasion and tendon tear-through.

Y-KnotTM Flex

All-Suture Anchors for Instability

The Y-Knot[®] Flex System for labral and capsular-based repairs helps improve surgical flexibility and access with small, all-suture anchors that deliver secure fixation with up to 80% less bone removal.

Follow us on

Dear Colleague,

We would like to invite you all for the 32nd Annual Meet **ARTHROCON 2025**, organized by the Indo Korean Orthopaedic Foundation (IKOF) and Prof. P. K. Surendran Memorial Education Foundation on 8th June 2025 at GMC Ortho Auditorium, Calicut , Kerala.

This year's theme is "ADVANCES IN SHOULDER ARTHROSCOPY AND SHOULDER ARTHROPLASTY"

We are all well aware of the fact that the volume of arthroscopic Shoulder surgeries have shown a rapid ascent in our state in the recent years. Till few years ago, all the arthroscopic cases were being referred to the nearby states. Now we are fully equipped to perform all types of arthroscopic procedures in our state. More and more young surgeons are now opting for subspecialization in arthroscopic surgery. This CME aims to keep ourselves up-to-date with the current developments and cutting edge technologies in the field of Shoulder Arthroscopy and Shoulder Arthroplasty surgeries. The perfect blend of theoretical and practical elements with high scientific standard makes this a *not to be missed* event in the calendar of orthopaedic surgeons.

We have an interesting mix of live arthroscopic surgeries, lectures on controversial topics, case discussions and hands on workshop. Eminent, Inter national & national master arthroscopic surgeons will share their wisdom of knowledge with us.

ARTHROCON 2025 INTERNATIONAL SHOULDER SYMPOSIUM

Venue: GMC ORTHO FOUNDATION
HOSPITAL AUDITORIUM

ADVANCES IN SHOULDER ARTHROSCOPY AND SHOULDER ARTHROPLASTY on 08.6.2025 at 8.30AM

INSTABILITY SESSION:

LIVE SURGERY

1. Bankart repair – pearls & pitfalls
2. Remplissage – when and how ?
3. Dynamic anterior stabilization - when and how ?
4. Rotator interval closure - when and how ?
5. Open Laterjet procedure – tips for success
6. Arthroscopic ICBG technique

LIVE SURGERY

CUFF TEAR SESSION:

1. Reparability of cuff tear- what to look for ?
2. Transosseous cuff repair – when & how?
3. PASTA repair – transtendon vs takedown: consensus in 2025
4. Subscapularis repair - make it less intimidating
5. Posterior labral tears with paralabral cysts – when and how to treat?
6. Tendon transfers for cuff tears (LD vs LT)- when & how?
7. Biceps SCR – my preferred technique
8. Patches for cuff tear- when and how?

LIVE SURGERY

ARTHROPLASTY SESSION:

1. Total shoulder arthroplasty - pearls & pitfalls ?
2. Reverse shoulder for cuff tear arthropathy - when & how?
3. Reverse shoulder arthroplasty for proximal humerus fractures- how is it different?
4. Stem considerations – long /short/ stemless- how to select ?
5. Base plate design – which suits Indian population?
6. Panel Discussion
